

Maintenance

Most Valuable

Essential Maintenance

Starting at \$500/month

For small apps that just need to stay alive

- ✓ Service Time Commitment: Up to 2.5 hours/month of support
- ✓ Basic uptime monitoring to keep servers alive at the current scale the app is experiencing
- ✓ Minor bug fixes (non-urgent, <1hr issues)
- ✓ App store compliance checks (quarterly)
- ✓ 1 business-day email response time

Core Support & Optimization

Starting at \$2,500/month

More proactive. Fixes, updates and minor improvements included.

- ✓ Service Time Commitment: Up to 12.5 hours/month
- ✓ Everything in Essential Plan, plus:
- ✓ Guaranteed bug response within 2 business days
- ✓ Monthly performance check + optimization report
- ✓ Minor app enhancements (e.g. UI tweaks, SDK updates)
- ✓ App store resubmission & release support
- ✓ Dedicated Slack channel or PM tool integration

Premium 24/7 Support & Scaling

Starting at \$10,000/month

Mission-critical support, 24/7 coverage, infrastructure, and scaling.

- ✓ Service Time Commitment: Up to 50 hours/month
- ✓ 24/7 on-call support (pager, SMS, or ops platform)
- ✓ Incident response within 4 hours
- ✓ Weekly server & infrastructure review (AWS/GCP/Azure)
- ✓ Auto-scaling config & infrastructure monitoring
- ✓ Security patching & CVE monitoring
- ✓ Regression testing for all code changes
- ✓ Monthly feature roadmap check-in

Keep in mind: The goal is for your product to succeed, and attract both clients and revenue. Those clients will want better features, and we'll be here to build that V2, V3 etc when the time comes. We love long term partnerships.
